

Date : 04/10/23

Dear Parents,

Our Math department is planning to improve the competencies in Mathematics by conducting a program called Math Ninjas Program. This program helps students to improve Mathematical skills for all grades from 1 to 8 through Math Magicians, Multiplication tables, Math Masters and Math Marvels.

**Math magicians**

GRADE	ACTIVITIES	ASSESSMENT
1 - 8	Teachers will upload 1 or 2 worksheets every Wednesday through One drive, related to the topics taught in the class.	Students will stick the worksheet in their note book (Math Ninjas) and it will be evaluated as a part of ongoing assessment.

**Multiplication tables**

GRADE	ACTIVITIES	ASSESSMENT
1 - 3	Students will copyright the tables in the math notebook . <b>Every day 5 minutes of written or oral practice for times tables in the class.</b> Assessment of tables will start from November onwards. Grade 1 – Table of 1, 2, 5, 10 Grade 2 – Table of 1, 2, 3, 4, 5 and 10 Grade 3 – Tables from 2 to 10.	Teachers will assess the students through worksheets within the allotted time. Worksheets can be stuck in the student's notebook. <b>Include the questions of ongoing topics and multiplication table together for assessment every Monday.</b>
4 - 8	Students will copyright the tables in the math notebook . <b>Every day 5 minutes of written or oral practice for times tables in the class.</b> Assessment of tables will start from November.
